

## Strategic Plan 2014 - 2017

**Your Way Home Montgomery County** is a transformational partnership between government, philanthropic, nonprofit and community partners to end homelessness in our community.

Our vision is to make the experience of homelessness in Montgomery County, Pennsylvania rare, brief and non-recurring.

Informed by the collective impact model of community collaboration, our common agenda is to improve the housing stability, economic security and health of people experiencing, or at imminent risk of, homelessness.

Our strategic goals include to:

1. **Advance a unified housing crisis response system** that prioritizes service for the most vulnerable members of our community and employs evidence-based strategies, tools and practices that yield better outcomes at lower system costs.
2. **Engage consumers, service providers, funding partners and community members** in creative problem-solving, continual learning and design thinking to scale our impact and outcomes.
3. **Enhance the use of a unified, robust and secure data infrastructure** to evaluate system performance, inform future investments and continuously improve the quality of service for consumers.
4. **Strengthen the collaborative capacity of Your Way Home partners** to lead and support a successful ten-year systems change initiative resulting in a more equitable, resilient and inclusive system whose policies and resources will meet the needs of all Montgomery County residents experiencing, or at imminent risk of, homelessness.
